LEARNING MANAGEMENT SYSTEM (LMS)
RUNNING THE HHS COURSE
COMPLIANCE/EXCEPTION REPORT BY
ORGANIZATION

This report delivers data on Learners in an Organization (or its Sub-Orgs) to
determine whether or not the Learner completed a specific course during a
specified date range. This report returns only the last, most recent completion for
a Learner (in the event the Learner completed the course more than once in that
timeframe). The results can be further refined using the Employee EOD Date,
Course Domain, and Person Type.
